DETAILED ACTION

Applicant's arguments, see the amendment, filed May 28, 2004, have been fully considered and are persuasive. The rejection of claims 1-24 has been withdrawn.

The following is an examiner's statement of reasons for allowance: The prior art does not teach or render obvious a method of adjusting an image processing parameter in the preparation of a lithographic printing surface as claimed particularly including the step of analyzing reflected radiation to determine optimal adjustment for an imaging processing parameter, such as the calibration of the system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jill E. Culler whose telephone number is (571) 272-2159. The examiner can normally be reached on M-Th 8:30-5:00.
